

Reporting

Write a news report about your project and what it has achieved to inform and inspire other people to become active citizens themselves!

If you have a school website or newspaper, you may wish to ask them to publish your report. You could also send a copy of your report to your local MP so they can read about what their constituents have been doing.

You should also keep a copy of the report for yourself as this will be a fantastic thing to show in future interviews to demonstrate how you are a responsible, organised and mature citizen.

You may wish to use the template below to help you write your report (Worksheet 11). Remember to read back through this toolkit, this will support you in writing your report.

Section 1 - Aim of the project.

What were you hoping to achieve and why is this important?

Section 2 - The action we took.

What did you do and how did you do it?

Section 3 - The impact our action made.

What did you achieve personally? How was your action successful?

Section 1 - Aim of the project.
